Race:

Gender: MALE | FEMALE

Do you consider your family low, middle or high income? LOW | MIDDLE | HIGH

Are you in the gifted or spectrum program at school?

YES | NO | DON'T KNOW

WHAT IS ROCK BLOCK?

At **ROCK BLOCK** students learn to play music through the collaborative experience of playing in their own rock band! Students are placed in a band with other kids their age, based on the instrument they play, (or wish to learn, no prior experience necessary!) and their current skill level.

Every week at their scheduled rehearsal time, bands will have an hour and a half practice monitored and lead by their band manager. Band managers are professional, working musicians from the Nashville community with prior experience in music and/or child education.

Bands choose the music they want to play, including writing original songs and/or learning the works of others, as well as coming up with their own original band name. Each band will have the opportunity to:

At the end of the 8-week session **ROCK BLOCK** culminates in the Saturday Night Showcase! Showcases will take place at an appropriate and professional venue, where bands will perform for an audience of their peers, family members, and fans!

WHEN IS PRACTICE?

ROCK BLOCK practice takes place every Saturday from 10-5pm. Your child will have an hour and half regularly scheduled weekly practice during this block of time. (Some weeknights may be available should Saturdays not work for your schedule.)

HOW MUCH?

Murfreesboro **ROCK BLOCK** is \$80/session.
